

CAR BRAKE TESTERS

Version 2025.06.06 – Prices on request

Brake Tester QB.4 | 2200mm | 3,7kW

700mm rollers | 3,7kW | 5,2km/h | 2,5t max. test load | motor brake | AWD detection | speed sensor | ASA v1.2 | galvanized | Premium-coated rollers | with Android App

Article number: 1 691 400 100

QB.4 - the new benchmark in brake testing
Real-time control via smartphone or tablet

- Ready for mobile Android devices by default
- No cabinets, PCs, or license costs required
- Optional classic display by choice: analog, digital, or TV

No compromise on quality

- Standard motor brake
- Frame and base unit hot galvanized
- Long-lasting premium-coated rollers for high grip and low tire consumption
- Reinforced bearings and high-quality 3.7 kW motors

Next-level power box

- All electronic components safely placed outside roller set
- Flexible display options, no Windows PC needed
- RJ45 Ethernet with ASA Livestream v1.2 interface as standard

Brake testing made easy

- Automatic testing procedure
- No need for remote control
- Automatic detection for all-wheel drive
- Program for electronic parking brakes
- Optional upgrade with 4-point axle weight scales
- Fits in all common foundations

Included as standard. Where others charge extra:

- Motor brake: Increases motor lifespan, simplifies driving axle out of the brake tester
- Galvanized critical components: Protects against corrosion, increases service life
- All-wheel drive detection: Ideally equipped for all-wheel drive

and electric vehicles

- Premium-coated rollers: Maximum grip, minimum abrasion
- App use: Replaces complete analog display and PC

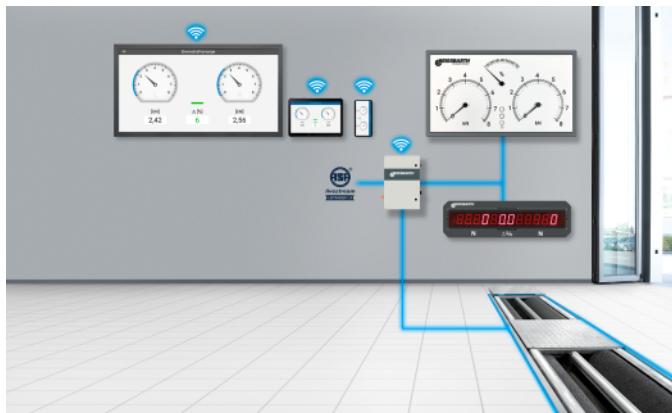

Scope of delivery:

- Brake tester with 700mm rollers
- QB.4 control cabinet with ASA Livestream v1.2
- Android app

Brake Tester QB.4 | 2800mm | 5,0kW

1000mm rollers | 5,0kW | 5,2km/h | 4,0t max. test load | motor brake | AWD detection | speed sensor | ASA v1.2 | galvanized | Premium-coated rollers | with Android App

Article number: 1 691 400 103

QB.4 - the new benchmark in brake testing
Real-time control via smartphone or tablet

- Ready for mobile Android devices by default
- No cabinets, PCs, or license costs required
- Optional classic display by choice: analog, digital, or TV

No compromise on quality

- Standard motor brake
- Frame and base unit hot galvanized
- Long-lasting premium-coated rollers for high grip and low tire consumption
- Reinforced bearings and high-quality 5.0 kW motors

Next-level power box

- All electronic components safely placed outside roller set
- Flexible display options, no Windows PC needed
- RJ45 Ethernet with ASA Livestream v1.2 interface as standard

Brake testing made easy

- Automatic testing procedure
- No need for remote control
- Automatic detection for all-wheel drive
- Program for electronic parking brakes

Car brake tester BD 4131

Maximum test weight/axle 2.5 t, Test Speed 5.2 km/h, Speed sensors | without Analog display, flexible solution via customer PC (PC Kit is needed) | elektromagnetic brake, 4x4, Roller width 700 mm | Extension possibility to test lanes | New! Power-Box inclusive!

Article number: 1 691 600 644

New! Power-Box for the BD car series

BD car brake testers comply with the guideline and are thus suitable for general vehicle inspections. At the same time, there are modular auxiliaries for diagnoses as well as repair and service tasks at the workshop. Absolutely in line with specific customer requirements, the brake tester can be expanded and turned into a test lane for suspension testing and side slip testing. Operation, visualization and evaluation of the test results are made by means of an analogue display or via PC.

Just use the workshop computer

- The new kits allow additional connectivity options for the BD series. The integrated PC kit is designed for its installation inside the new Power-Box and allows direct linkage to the workshop PC.

More service, more customers

In order to ease and speed up the brake service, the BD car series and the new Bosch Power-Box can be complemented by powerful accessories:

- Column for the Power-Box
- PC trolley
- LCD display set for the display unit
- Professional IR PC kits (integrated or external)
- Pedal-force sensor (wireless version)
- Roller covers
- IR remote control

Access to multiple functions by means of a linked workshop PC

- Visualization of test procedures and results via screen

- Job processing, customer database, statistic evaluation or print and archiving functions can be used to full extent
- Test protocols are printed automatically
- Quick extension and conversion into a test lane is possible
- Analogue display is not required

Power-Box for the BD car series

- Compact, robust and service-friendly
- All electronics are compact and safely stowed
- Easily accessible on the wall or on column
- All electronic components are safely stored within a light-weight and easily accessible housing
- 230 V socket for the laptop of the service-technician or tester
- Easily accessible main switch with emergency shutdown
- Integrated door pocket for the technical documentation
- Wall mount (series version) or column (optional)

Four possibilities for PC connections

To operate with PC, one of the following kits is needed

- Integrated ICperform PC-Kit (incl. ICperform Software license and Tablet app license), part No. 1 691 601 964
- External ICperform PC-Kit (incl. ICperform Software license and Tablet app license), part No. 1 691 601 965
- Integrated ICperform PC-Kit with Remote Control (incl. ICperform Software license), part No. 1 691 601 963
- External ICperform PC-Kit with Remote Control (incl. ICperform Software license), part No. 1 691 601 966

Car brake tester BD 4131 S10

Maximum test weight/axle 2.5 t, Test Speed 5.2 km/h, Speed sensors | without Analog display, flexible solution via customer PC (PC Kit is needed) | elektromagnetic brake, 4x4, Roller width 700 mm | Extension possibility to test lanes | New! Power-Box inclusive! | 230 V / 50 Hz

Article number: 1 691 600 646

New! Power-Box for the BD car series

- External ICperform PC-Kit with Remote Control (incl. ICperform Software license), part No. 1 691 601 966

Integrated ICperform PC Kit with ICperform Software License and Tablet App License

Computer interface kit for installation into the new control cabinet, direct connection to the computer via USB cable (up to 1.5 m), USB board for control cabinet, USB cable, ICperform Garage Car Software License and Tablet App License (not for test lane)

Article number: 1 691 601 964

External Icperform PC Kit with Icperform Software License and Tablet App License

Computer interface kit with BUS cable for larger distances (standard 15 m, optional 30 m), USB box, USB cable, Icperform Garage Car Software License and Tablet App License (not for test lane)

Article number: 1 691 601 965

Integrated Icperform PC kit - IR with IR remote control and ICperform Software License

Computer interface kit for installation into the new control cabinet, direct connection to the computer via USB cable (up to 1.5 m), USB board for control cabinet, USB cable, remote control and receiver, ICperform Garage Car Software License (not for test lane) | Prerequisite: serial PC interface (COM) for the operation of the receiver

Article number: 1 691 601 963

External Icperform PC kit with IR remote control and Icperform Software License

PC connection kit with BUS Cable for long distances (standard 15 m, optional 30 m), USB-Box, USB cable, Remote control, Icperform Garage Car Software License (not for test lane) | Prerequisite: serial PC interface (COM) for the operation of the receiver

Article number: 1 691 601 966

Remote control

Already available in some of SW Kits, but also can be sold separately | incl. Battery

Article number: 1 691 701 018

IR receiver

Already available in some of SW Kits, but also can be sold separately

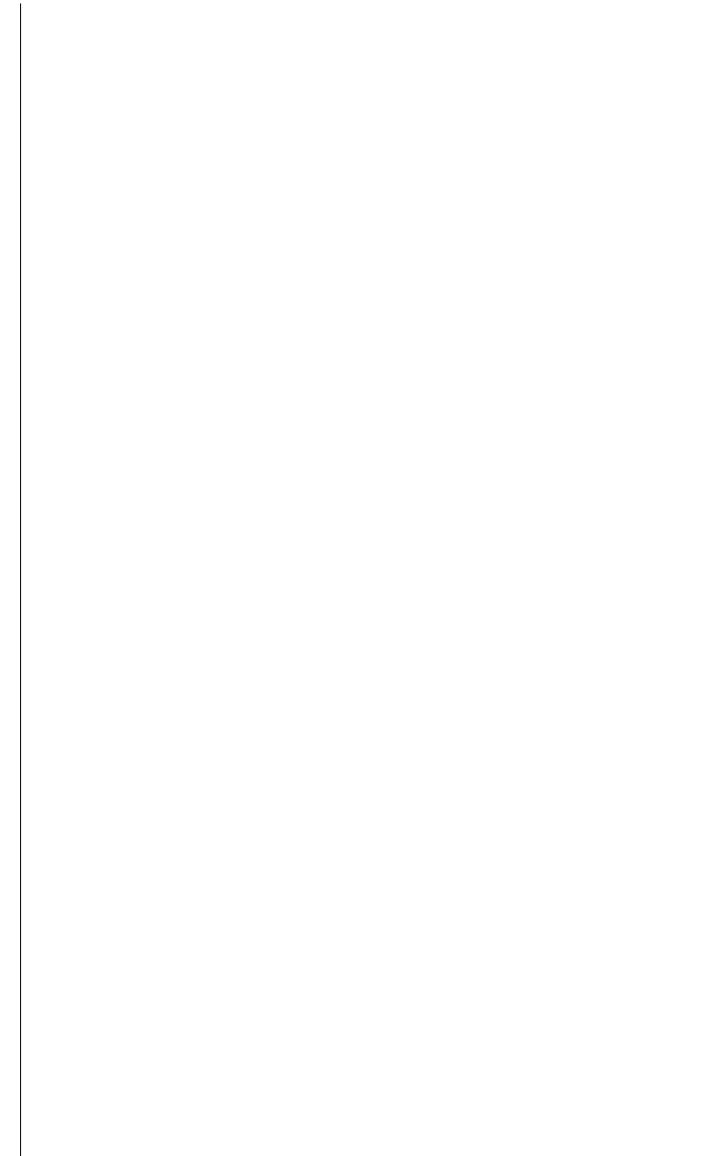

Article number: 1 693 770 001

Extension cable for receiver | 10 m

Enables flexibility of the IR receiver position (up to 10 m)

Article number: 1 691 603 000

Remote control and IR Receiver

incl. Battery

Article number: 1 691 701 311

PC cabinet Standard | empty

Moving trolley enables the best arrangement and positioning of all PC components | Empty trolley! To add PC component you can additionally order 1 691 810 743.

Article number: 1 691 811 250

Testlane PC with a serial interface

PC can also be bought locally | Please pay attention to the minimum requirements: • Operating system: Windows 7, Windows 10, 64 Bit • Processor: Celeron 2.7 GHz • Random access memory: 4 GB • Hard disk: 500 GB • Serial port: 2 x RS232 (COM)

Article number: 1 691 810 703

System requirements when using your separate PC:

- Operating system: Windows 7, Windows 10, 64 Bit
- Processor: Celeron 2.7 GHz
- Random access memory: 4 GB
- Hard disk: 500 GB
- Serial port: 2 x RS232 (COM)

Monitor holder 17 - 27"

Includes only the monitor holder (Monitor not included)

Article number: 1 693 740 884

Monitor holder 22 - 35"

Includes only the monitor holder (Monitor not included)

Article number: 1 693 740 911

PC gear pack for PC cabinet Standard

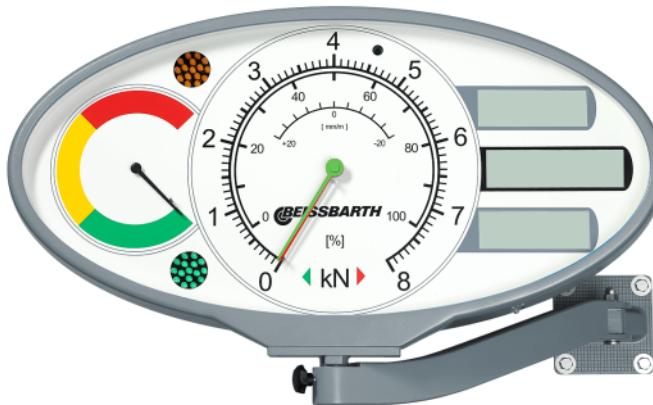

Full PC equipment | incl. PC, monitor, monitor holder, mouse, keyboard and printer

Article number: 1 691 810 743

Display RAL 7040 | analog, oval | swivel arm, IR receiver

Article number: 1 691 601 771

Display RAL 7016 | analog, rectangular | LCD, swivel arm, IR receiver

Article number: 1 691 601 762

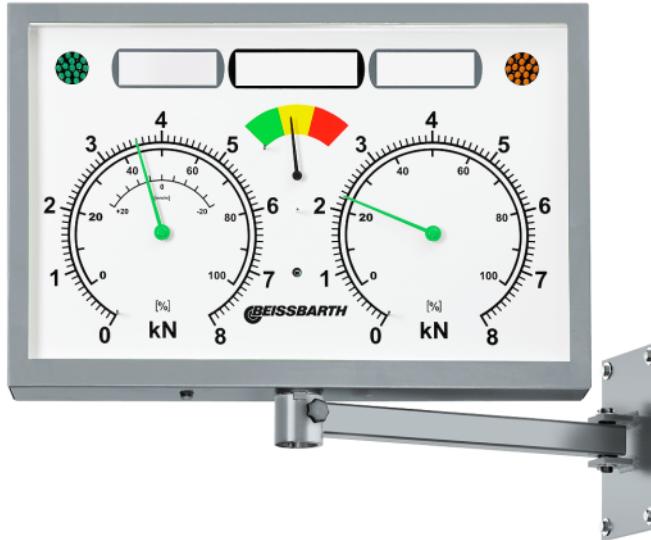

Display RAL 7040 | analog, rectangular | LCD, swivel arm, IR receiver

Article number: 1 691 601 768

Display RAL 7040 | analog, rectangular | swivel arm, IR receiver

Article number: 1 691 601 776

Stand column aluminium | RAL 7016 | for TV Monitor / rectangular analog display

Alternative to wall mounting, mounting solution for TV monitors or square analogue displays | TV adapter for stand column / swivel arm (item no. 1 691 810 722) is also required to attach a TV monitor!

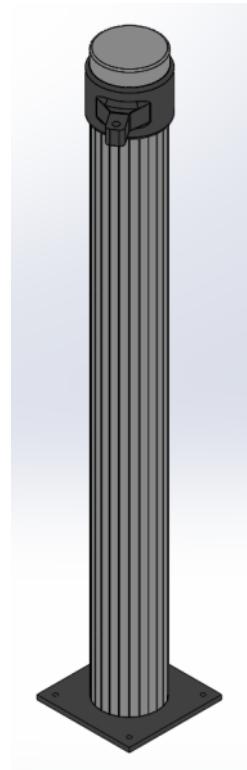

Article number: 1 691 810 722

Stand column RAL 7040 | for TV Monitor / oval analog display

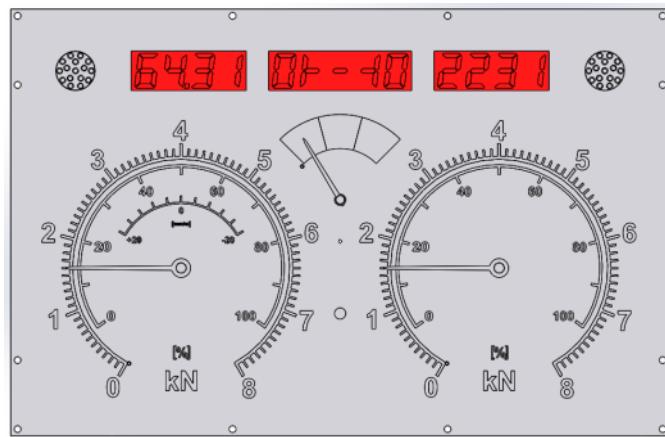

Alternative to wall mounting, mounting solution for TV monitors or oval analogue displays

Article number: 1 691 600 470

LCD Display set for upgrading analogue displays without an integrated LCD

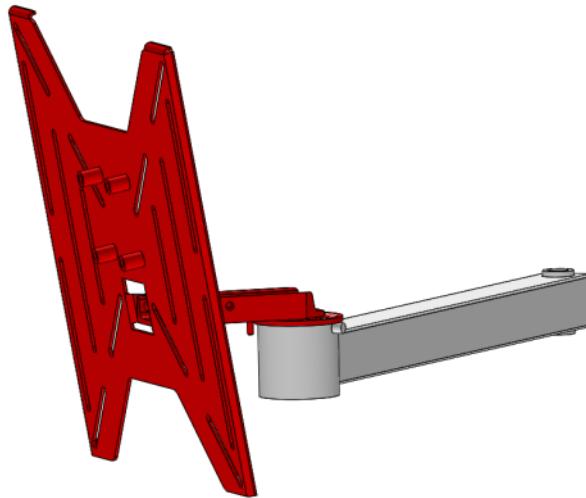

Article number: 1 691 601 025

TV adapter for stand column / swivel arm

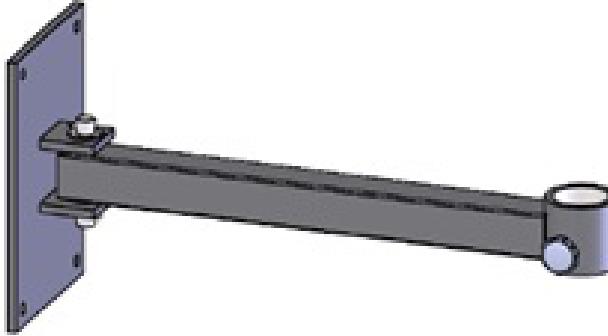

TV mount for wall mounting on the swivel arm (item no. 1 691 601 959) or for floor mounting with stand column (item no. 1 691 810 722)

Article number: 1 691 812 325

Swivel arm for TV adapter

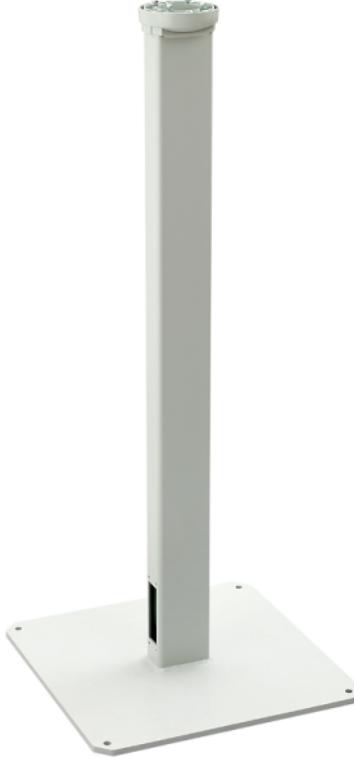

Scope of delivery for all analogue displays | Can also be ordered separately to mount the TV monitor on the wall (Additional TV adapter for stand column / swivel arm (item no. 1 691 812 325) required!)
Article number: 1 691 601 959

Stand column for Power-Box

Alternative to wall mounting of the Power-Box (included with all brake testers)

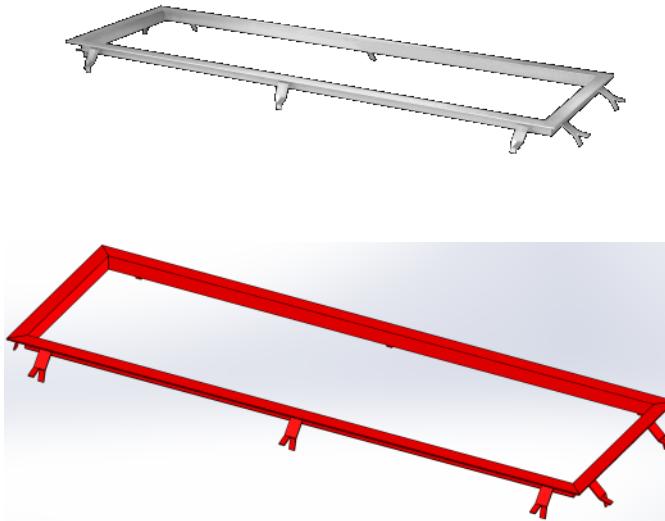

Article number: 1 691 601 435

Edge protection for car brake tester BD 4xxx, 700 mm

Edge protection for single brake tester with 700 mm roller length

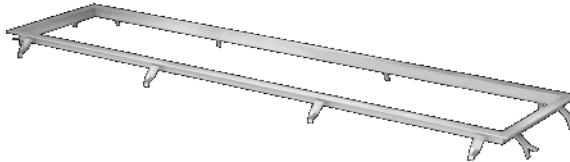

Article number: 1 691 602 000

Edge protection for car brake tester BD 4xxx, 1000 mm

Edge protection for single brake tester with 1000 mm roller length

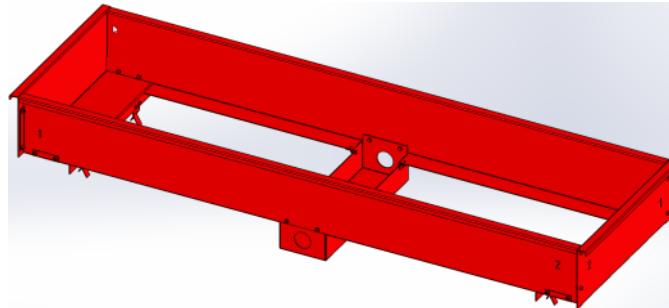

Article number: 1 691 602 151

Installation frame for car brake tester BD 4xxx, 700 mm

Installation frame for single brake tester with 700 mm roller length

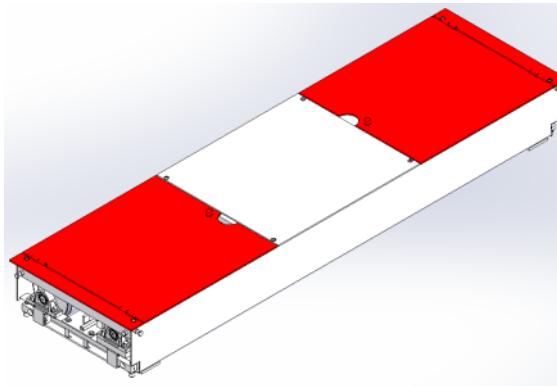

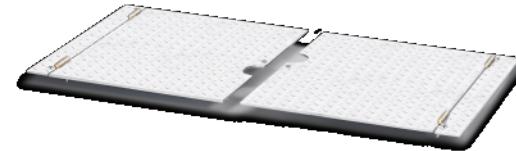

Article number: 1 691 602 115

Drive-over plate swiveling | 700 mm

Swiveling drive-over plate for roller set with 700 mm (2 pieces)

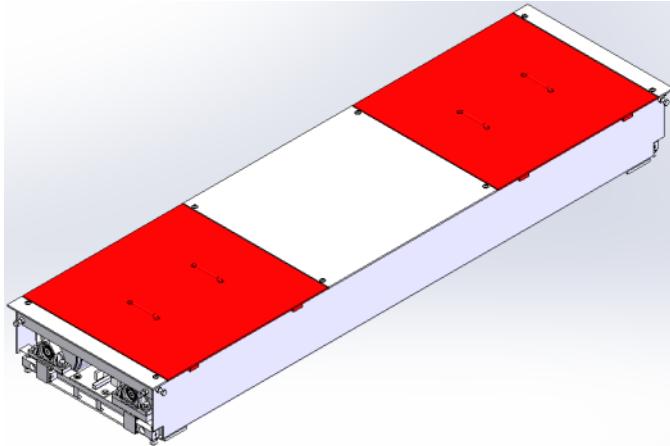

Article number: 1 691 601 011

Drive-over plate pluggable | 700 mm

Pluggable drive-over plate for roller set with 700 mm (2 pieces)

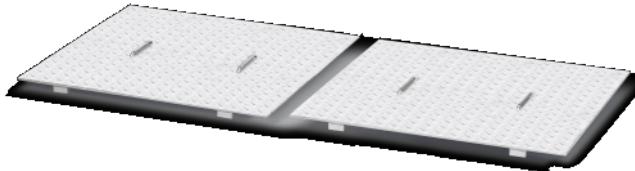

Article number: 1 691 601 010

Drive-over plate pluggable | 1000 mm

Pluggable drive-over plate for roller set with 1000 mm (2 pieces)

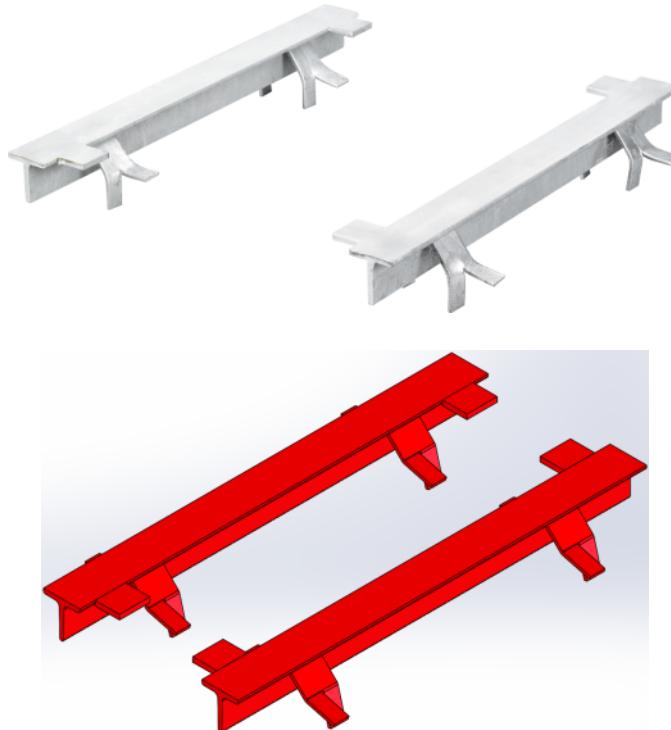

Article number: 1 691 602 112

Support strips for axle load scales | 2 pcs

This solid support is used to adjust the screws of the axle load weighting sensors. Only required when brake tester is installed without inground frame.

Article number: 1 691 601 009

Digital calibration kit for brake tester

Digital calibration kit with transport suitcase, digital sensor and calibration manual

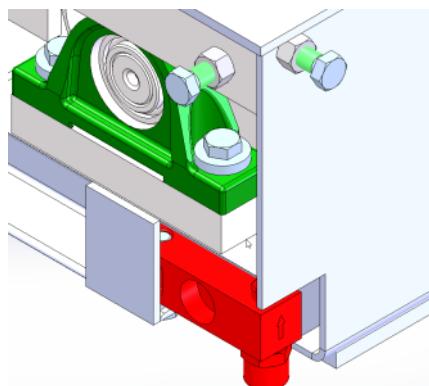

Article number: 1 691 601 392

Axle load scale 4 sensors

4 sensors used to determine vehicle axle load. Additionally requires support strips 1691601009 when brake tester is installed without inground frame.

Article number: 1 691 601 606

Pedal force wireless

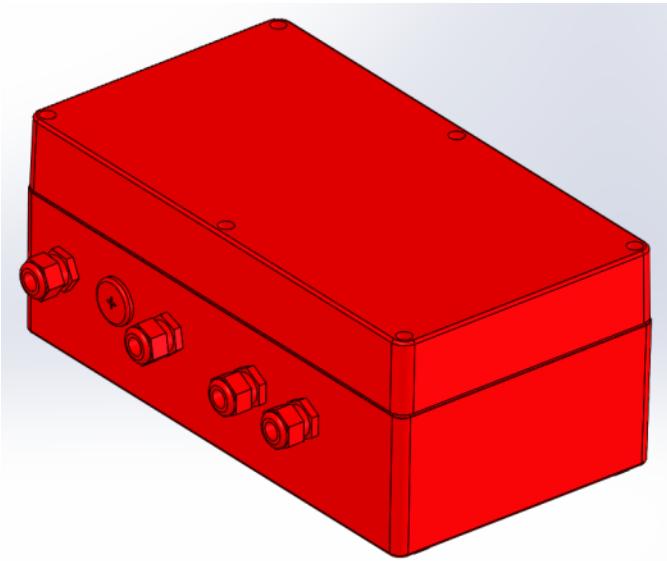

Article number: 1 691 601 401

Smooth start 230 V | special voltage for export

for smoother start of brake tester operation | for countries using 230 V

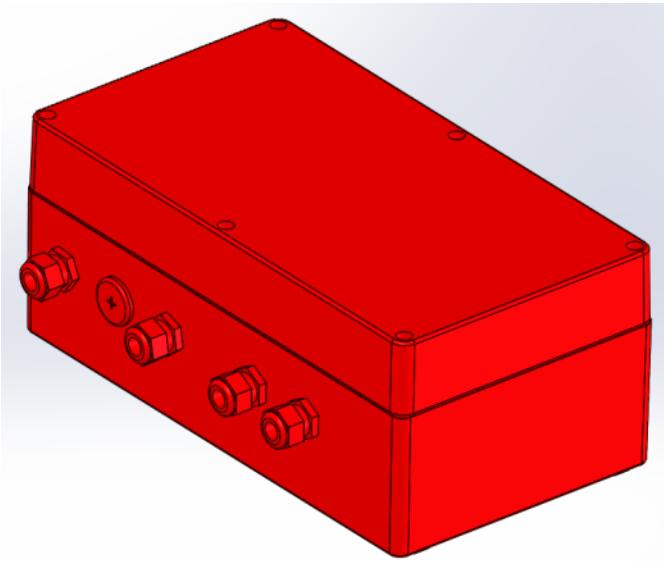

Article number: 1 691 601 438

Smooth start 400 V

for smoother start of brake tester operation | for countries using 400 V

Article number: 1 691 601 437

Cableset 400 V | Power-Box to roller set | 30 m

Extention cable for connecting the Power-Box to roller set

Article number: 1 691 601 444

Integrated PC Kit Professional IR

Integrated PC kit to be build in the Power-Box, direct connection to PC via USB cable (up to ca. 1.5 m) incl. Software, dongle #3, USB board for the Power-Box, USB cable, Bnet cable, IR receiver, IR remote control

Article number: 1 691 601 397

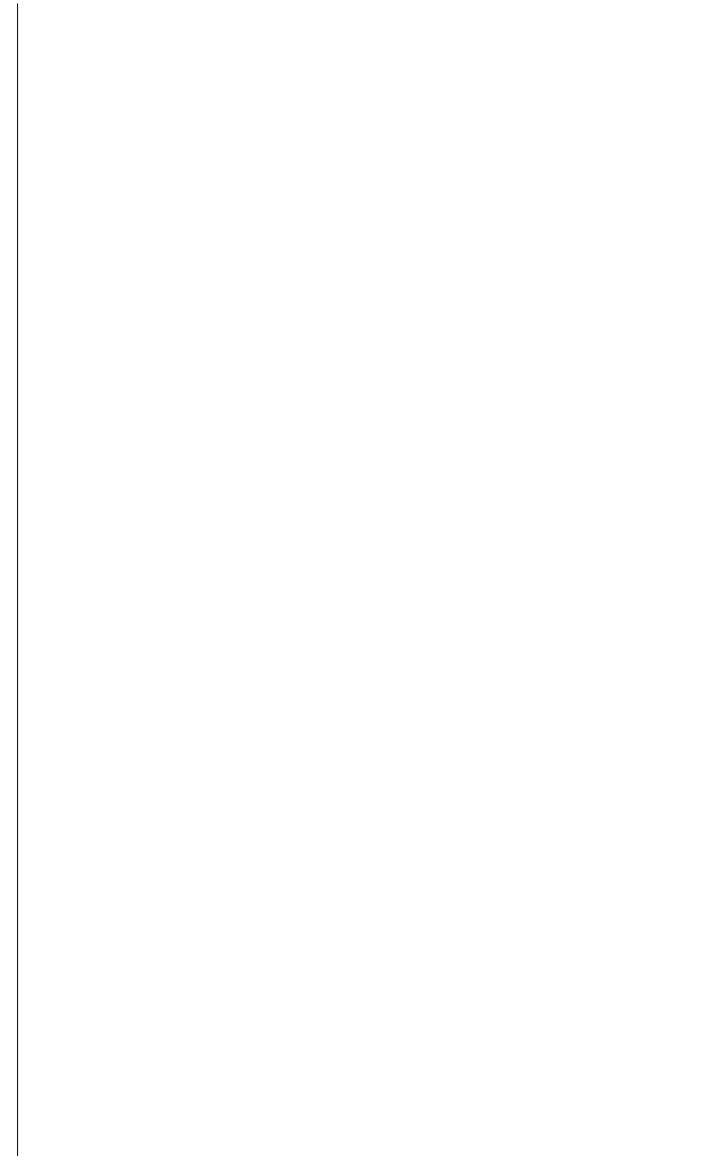

External PC Kit professional IR

External PC Kit with USB cable for long distance (standard 5 m, optional up to 50 m), incl. Software, dongle #3, USB box, USB cable, IR receiver, IR remote control

Article number: 1 691 601 398

Edge protection for BD 321 motorbike

Article number: 1 691 300 014

Lifting and lowering device | HUS 104 | for BD 4xxx brake tester | 700mm

For fully automatic lifting and lowering of the axle in and out of BD 4xxx brake tester with 700mm rollers

Article number: 1 691 600 015

The solution that allows the fully automated lowering and lifting of the axle in and out of the brake tester:

- Ideal for premium vehicles or cars with low ground clearance
- Easier entry and exit of the roller brake tester
- The automatic lowering and lifting respects all necessary safety requirements

Recommended for intensive use in PTI inspection centers:

- Enables a more fluid, faster and simplified procedure
- Increases the safety of the brake tester
- Increases the longevity of mechanical components (reduces undesired shocks and accelerations of the bench)
- Minimizes the risk of spoiler damage in sports cars
- Fully automated
